

JAYSHEEL DIPAL DESAI

Buffalo, NY | +1 716 705 2096 | jaysheel@buffalo.edu | jaysheeldesai05@gmail.com

Biomedical Sciences Pre-Medical Student | Founder, MedPath Connect | Academic Tutor & Researcher

EDUCATION

University at Buffalo (SUNY) - B.S. Biomedical Sciences, Pre-Medical Track

Expected May 2027

Buffalo, NY | Coursework: cell biology, genetics, chemistry, organic chemistry, anatomy, physiology, biochemistry, statistics, calculus, physics

Good Shepherd International School - IB Diploma (2023), Cambridge IGCSE (2020) | Ooty, Tamil Nadu, India

SELECTED PROJECTS & INITIATIVES

Founder & Project Lead - MedPath Connect

2026

- Created a student-built Buffalo/UB healthcare opportunity platform organizing 14 research, clinical, service, and shadowing pathways; developed student-friendly pages, mentorship guidance, and official-source links.

Creator - STEM Resource Library & Independent Tutoring Initiative

In Progress

- Authored comprehensive General Chemistry study notes; developing Biochemistry and Cell Biology guides plus individualized tutoring and pre-med academic mentoring services.

Creator - Personal Pre-Med Portfolio

2026

- Built a professional portfolio presenting education, clinical exposure, research, teaching, service, resources, and MedPath Connect in one student-focused website.

TEACHING, LEADERSHIP & MENTORSHIP

Lead Academic Tutor

2024 - Present

Tutoring & Academic Support Services (TASS), University at Buffalo

- Provide one-on-one and small-group STEM tutoring, exam reviews, academic coaching, and peer-tutor support across 14 listed courses in biology, chemistry, biochemistry, physiology, mathematics, physics, and statistics.

Teaching Assistant - BIO 201: Cell Biology

Spring 2025 & 2026

University at Buffalo | Dr. Shaunna Phipps

- Supported two semesters through office hours, review sessions, course assistance, grading support, and academic guidance.

Peer Mentor

2023 - 2024

TASS, University at Buffalo

- Guided first-year students in academic planning, time management, study skills, course selection, and campus-resource navigation.

RESEARCH EXPERIENCE

Research Assistant - Maternal & Child Health

Fall 2024 - Spring 2025

Dr. Xianzong Wen Laboratory, UB Maternal and Child Health Research Program

- Contributed through literature review, data organization, research support, and analysis of scientific findings related to maternal and child health outcomes.

Independent Research - Vitamin B12 Deficiency & Pernicious Anemia

18 Months

- Examined pathophysiology, clinical presentation, diagnosis, treatment, prevention, and long-term outcomes, emphasizing early diagnosis and evidence-based care.

CLINICAL & SERVICE EXPERIENCE

Clinical Shadowing Intern - Kenya Coast General Hospital

100+ Hours

International Medical Aid | Mombasa, Kenya | Summer 2024

- Observed surgery and radiology teams delivering care amid socioeconomic barriers and resource constraints, strengthening global-health awareness and cultural competency.

Orthopedic & Hand Surgery Shadowing - Amanda Morrissey, PA-C

16+ Hours

Hand & Upper Extremity Orthopedics | October 2025

- Observed patient evaluation, treatment planning, follow-up, interpreter-supported communication, and care for upper-extremity injuries and postoperative recovery.

Volunteer Service Intern

2021 - 2023

Volunteer Service Organization | Ahmedabad, India

- Coordinated donation and financial-support outreach benefiting more than 8,000 people and helped provide necessities to underserved communities.
