

JAYSHEEL DIPAL DESAI

Biomedical Sciences Student | University at Buffalo

Buffalo, NY | +1 716 705 2096 | jaysheel@buffalo.edu | jaysheeldesai05@gmail.com | LinkedIn: Jaysheel Desai

PROFILE

I am a curious and hardworking student who enjoys learning from people, taking on responsibility, and helping others when I can. I am looking to build real healthcare experience while developing the knowledge, communication skills, and maturity needed for a future career serving patients.

SELECTED WORK & PORTFOLIO | jaysheeldesai.github.io/site

EDUCATION

B.S. Biomedical Sciences, Pre-Medical Track

Expected May 2027

University at Buffalo (SUNY) | Buffalo, NY

- Relevant coursework: cell biology, genetics, chemistry, organic chemistry, anatomy, physiology, biochemistry, statistics, calculus, and physics.

IB Diploma (2023) | Cambridge IGCSE (2020)

Good Shepherd International School | Ooty, Tamil Nadu, India

LEADERSHIP, TEACHING & PROJECTS

Founder & Project Lead, MedPath Connect

2026

- Created a student-built Buffalo/UB healthcare opportunity platform organizing 14 research, clinical, service, and shadowing pathways with vetted resources and mentorship guidance.

Lead Academic Tutor

2024 - Present

Tutoring & Academic Support Services (TASS), University at Buffalo

- Deliver one-on-one and small-group STEM tutoring, exam reviews, academic coaching, and peer-tutor support across biology, chemistry, math, physics, and statistics.

Teaching Assistant, BIO 201: Cell Biology

Spring 2025 & 2026

University at Buffalo | Dr. Shaunna Phipps

- Support office hours, review sessions, course assistance, grading, and student learning across two semesters.

Peer Mentor

2023 - 2024

Tutoring & Academic Support Services (TASS), University at Buffalo

- Guided first-year students in course planning, study skills, time management, and campus-resource navigation.

RESEARCH EXPERIENCE

Research Assistant, Maternal & Child Health

Fall 2024 - Spring 2025

Dr. Xianzong Wen Laboratory | UB Maternal and Child Health Research Program

- Contributed to literature review, data organization, and analysis of scientific findings related to maternal and child health outcomes.

Independent Research, Vitamin B12 Deficiency & Pernicious Anemia

18 months

- Examined pathophysiology, clinical presentation, diagnosis, treatment, prevention, and long-term outcomes with an emphasis on early diagnosis and evidence-based care.

CLINICAL & SERVICE EXPERIENCE

Thoracic Surgery Shadowing

30+ hours

Yaron Perry, MD, Thoracic Surgeon | UBMD / Buffalo General Medical Center | July 6 - 20, 2026

- Shadowed outpatient clinic and operating-room days, observing consultations, postoperative follow-ups, surgical planning, and scheduling. Gained perspective on clinical training and professional development through conversations with the care team.

Clinical Shadowing Intern, Kenya Coast General Hospital

100+ hours

International Medical Aid | Mombasa, Kenya | Summer 2024

- Observed surgery and radiology teams delivering care amid resource constraints, strengthening global-health awareness and cultural competency.

Orthopedic & Hand Surgery Shadowing

16+ hours

Amanda Morrissey, PA-C | Hand & Upper Extremity Orthopedics | October 2025

- Observed patient evaluation, treatment planning, follow-up, interpreter-supported communication, and postoperative care.

Volunteer Service Intern

2021 - 2023

Volunteer Service Organization | Ahmedabad, India

- Coordinated donation and financial-support outreach benefiting more than 8,000 people and helping provide necessities to underserved communities.
